ARTI CUSTOM

The Artisan Advantage

Artisan Custom Closets is a locally owned and operated manufacturing facility in Dallas, Georgia. Because we manufacture our own product, you receive a true, custom closet and a completely individual experience. Our closet parts are not “cookie cutter” and each part is manufactured only after you place your closet order. Since we manufacture our own closets, we are able to offer a better-priced solution than what you will find with our competitors who have their parts shipped from out of the state.

For more than 20 years, our parent company, T & R Fixtures, has been providing retail build-outs for large commercial projects nationwide. Please visit their website at www.TRFixtures.com to see the wide array of products offered. Most commercial applications can be reconfigured into custom closet designs, meaning we can manufacture and install a true custom closet system that no other closet company can offer.

Artisan Custom Closets offers you a lifetime warranty for as long as you own your home. This warranty covers material and craftsmanship.

Each person you interact with at Artisan is an employee of Artisan Custom Closets. We do not use subcontractors or temporary employees. Every team member at Artisan Custom Closets wants you to be thrilled with the outcome of your new space.

SAN CLOSETS

The Artisan Difference

Artisan uses 14" deep vertical panels and shelves as a STANDARD. We do not charge you additional fees for building 12" deep panels if that's what your closet calls for--12" deep shelving is LESS expensive than 14" deep shelving. Of course, other depths are available in 16", 18", 20", 22", 24" 28", and 30". Let us customize your space based on your needs.

There are no unfinished edges on any of our vertical panels and wall hung panels are curved at the front. Not only does this look nicer than a square edge but it is also a safety feature. No sharp corners AND the vertical panels are banded all the way around! When possible, we include a 16" deep continuous top shelf in walk-in closets at NO EXTRA CHARGE. This provides extra storage space around the top of your closet.

All of our rods are fully adjustable. No need to worry about growth spurts with your children, just pop out the shelf or rod and change it to the height you need.

We use only the highest grade 3/4" melamine with a thermally-fused surface which is built for durability. Our melamine is available in many colors. Ask your design consultant to see the wide selection of options.

We make our own drawer boxes, never a metal box. Our drawer boxes are made of 3/4" maple melamine and have extra support on the drawer bottom. We use 10% extension drawer slides as a standard, but soft close sides are always available for drawers and doors.

All our shelves are notched on the bottom side so that the shelf pins sit inside the shelf. This is not only a safety feature but it also provides a clean look. This feature is included on all our shelves at no extra charge.

Artisan Custom Closets are made in the USA.

MASTER CLOSETS

Every morning will feel special.

Closets shown in Chocolate Apple melamine with Shaker drawer and door faces.

Belt Rack

Tie Rack

Pant Rack

MASTER CLOSETS

Pull-Down Closet Rod

Our Pull-Down Closet Rod is the perfect way to make those high-hanging clothes easy to reach. Now you can turn even the upper-most area of your closet into usable storage space. This extended handle for the wardrobe lift make it easier for individuals in wheelchairs to access their hanging clothing. It is also a great addition for extra high installations allowing easy access to clothes.

Tie Butler

Valet Pole

REACH-IN CLOSETS

Even the smallest of spaces can be turned into fully functional and beautiful storage spaces.

Add baskets and the function and look is complete!

Shown here (right) in Antique White melamine with oil rubbed bronze rods or (below) White melamine with white rods and colorful knobs.

WORK

Let us create that perfect combination of style and functionality for your workspace.

Shown at left in Stained Cherry Hardwood.

PANTRY

Get organized,
stay organized.

Tuscan Teak Griggio melamine makes this pantry anything but ordinary. Complete your space with baskets, tray dividers, wine racks, drawers, and a pull out table cloth rack.

GARAGE

Your Dad's garage never looked like this.

Traditionally, the garage is one of the most difficult spaces to organize. Artisan makes it easy and helps you create order out of chaos by offering a wide array of attractive and functional cabinets. Use slatwall and pegboards to further customize your space to accommodate everything from tools, lawn and garden supplies to sports gear.

LAUNDRY

Laundry day never looked so good.

Turn a common laundry room into a home command center! Create counter space to fold clothes or work on crafts; then, accent your space with upper cabinets and accessories and the transformation is complete.

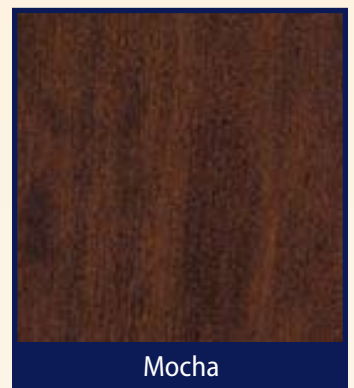

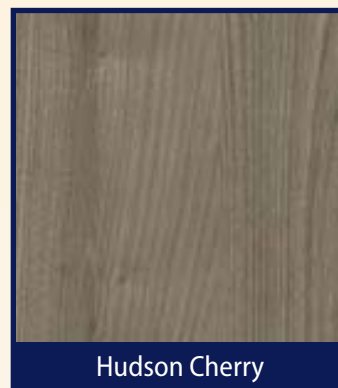

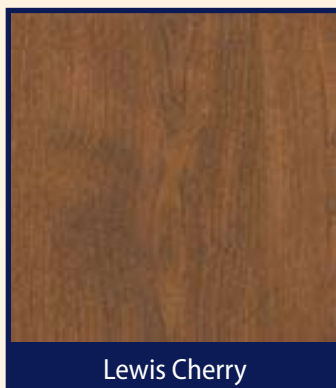

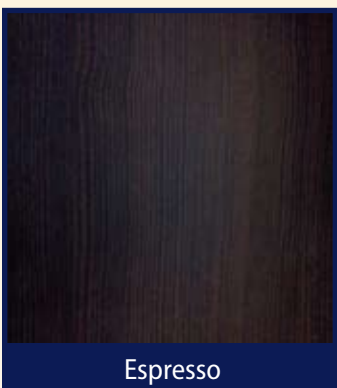

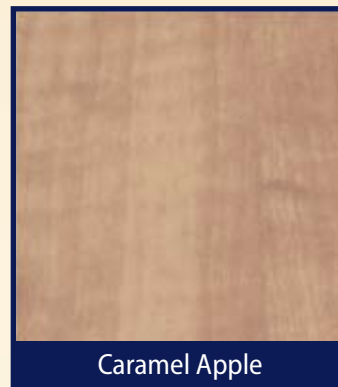

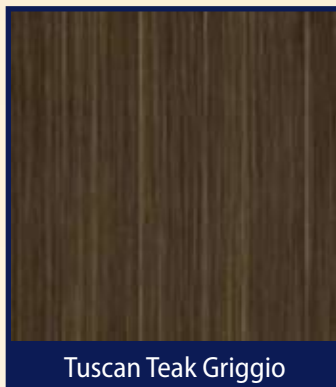

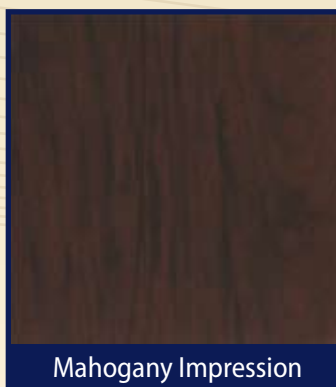

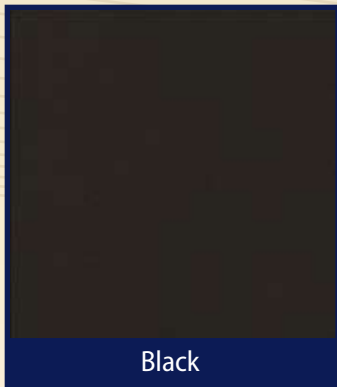

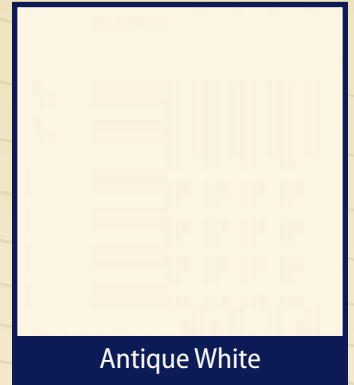

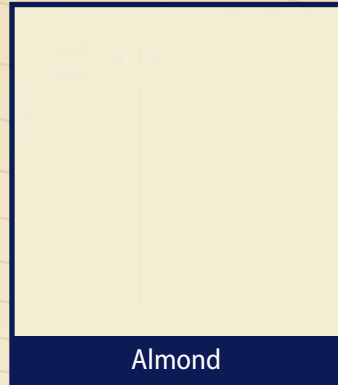

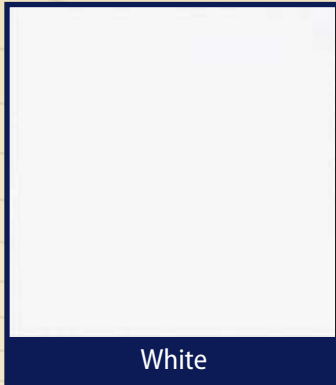

HOBBY

Wrapping, scrapbooking,
crafts, and hobbies.

An area fit for any enthusiast.

INSTALLATION SYSTEMS

We offer a range of installation systems to meet the requirements of your wardrobe, your closet configuration, and your budget. Let your Artisan designer assist you in selecting the system that is right for you.

WALL HUNG SYSTEM

ADVANTAGES

- Wall-mounted vertical panels are curved for safety and appearance
- Easier to vacuum
- Does not require baseboard removal
- Does not affect flooring

DISADVANTAGES

- Limits the maximum number of drawers
- Limits the options for "backing"
- Low hang sections cannot be converted to shelving

COMBINATION WALL HUNG AND FLOOR MOUNT

- Curved vertical panels
- Extra stability for drawer banks
- Moderate pricing
- Allows a full bank of drawers (6) with toe kick

- Low hang sections cannot be converted to shelving
- Limits the options for backing and trim
- May require some baseboard removal

FLOOR MOUNT SYSTEM

- Allows full adjustability in all sections
- Uniform appearance
- Suitable for trim and backing

- In smaller closets, long vertical panels block access to corners
- Requires some removal of baseboard
- Additional costs

FLOOR MOUNT SYSTEM WITH TOE KICKS

- Fully adjustable
- Has appearance of built-in furniture
- Allows backing and wide range of decorative trim

- Height of toe kick may cause clothes to drag on bottom corner
- Bottom shelf is a dust collector
- Requires removal of all baseboards
- Higher cost
